"The Days of Our Youth
Are the Days of Our Glory"

Published by the Class of 1970

Barker, New York

Alma Mater

Just outside our little village
With its buildings tall;
Stands our noble Alma Mater,
Known and loved by all.

Raise your voices, Seniors, Juniors,
Each and every one;
Help to praise old Barker Central
For the victories won.

-Alice C. Brown

Foreword

We, the Senior class, as part of the Youth of Today, are preparing to enter society facing greater challenges than ever before. We will soon begin our search for a group of principles by which to live. When we have attained these goals, let us pause, and, paging through this book, remember the old friends and happy moments at our Alma Mater.

In our 1970 *Latrator,* we want to be able to look back and remember that, "The Days of Our Youth Are the Days of Our Glory."

Mr. Paul Wittlinger

Dedicated . . . A Master Teacher and Friend

Dear Mr. Witt,

It is our privilege and pleasure to dedicate the 1970 LATRATOR to you. This is only a small token of our appreciation for you. It is difficult to put into words our feelings for you. Many people have been instrumental in our having a successful high school career, but the one that stands out in our minds is you, Mr. Witt. Not only have you been helpful in shaping our minds; but also, you have aided in developing our moral values.

Sincerely yours,

The Class of 1970

Mr. Wittlinger as he supervises Senior Homeroom 211.

Mr. Eugene E. Erb

Mr. Eugene E. Erb, who has been high school principal of Barker Central School for nine years, retires in June, 1970. During the nine years of his stay here, he has become a familiar figure, not only in the halls of Barker, but also in the life of the village and the school district.

Mr. Erb graduated from Fredonia in 1938 with a bachelor's degree in general education; in 1945 at the State University of New York College at Buffalo, he received a bachelor of science in social studies. He has also earned a certificate in physical education at SUNY at Cortland. He later furthered his education by taking work in administration at St. Bonaventure from which he received a master's degree in administration.

In Barker, he and his wife, Frances, have resided on Pallister Avenue and been active members of the West Somerset Baptist Church.

We will not remember Mr. Erb as being just a high school principal. We shall always remember him for his keen interest in all sporting activities. He seemed to like the feel of a basketball in his hands. We shall never forget that when the new swimming pool was completed and ready for use that it was Mr. Erb who had the first dive into it.

Another memory we shall carry with us is that of the adoring grandfather who takes such keen delight in his two granddaughters, Laurie and Christine.

And so, Mr. Erb, the B.C.S. Student Body wishes you a very happy and active retirement. Do remember us in the days to come.

Seniors

Look not mournfully into the past. It comes not back again. Wisely improve the present. It is thine. Go forth to meet the shadowy future, without fear, and with a manly heart.

"The days of our youth," were truly "the days of our glory."

In our sophomore year, we presented a profitable spaghetti dinner. It was the first profitable activity our class had attempted.

"Evening in Elegance" was the theme of our Junior Prom, which was followed by our Junior-Senior banquet, "Showers of Apple Blossoms." These projects were successful only because of the co-operation between the students and advisors.

Last, came our Senior year which was by far the most challenging and rewarding. Our dances, Christmas card drive, and refreshments at football games were a few of our money-making ventures. We also presented *The Little Dog Laughed* as our Senior play performance.

"The days of our youth are the days of our glory" refers to our years in school. We now await the future with great anticipation.

The Class of 1971

Dear Class of 1971,

As Juniors, you are still facing your last and most difficult, year. During the past year, you have administered projects such as Individual Pictures, the Junior Prom, and the Junior-Senior Banquet.

As Seniors, you will be facing even more responsibility. You will be expected to take over the leadership of the student body and to set an example for others to follow. Our thoughts are best expressed by John Hall in his poem, *At Day's End:*

"As you close your eyes in slumber, do you think that God will say,

'You have earned one more tomorrow by the work you did today'?"

If you have anything really valuable to contribute to the world, it will come through the expression of your own personality—that single spark of divinity that sets you off and makes you different from every other living creature.

Board of Education

This year has been an especially challenging one for the Barker Central School Board of Education. The building of the new elementary school and the precarious condition of State Aid have necessitated numerous and lengthy meetings.

The seven men on the board are all interested in securing quality education for every child. Adoption and maintenance of fair and just school policies and adjustment to a changing era in the field of education are paramount in the running of a good school. The people of the Barker Central School District may well be proud of their Board of Education's efforts along these lines.

Mr. Arthur Eaton, Mr. Ross Johnson.

To the Class of 1970:

As a message to the Senior Class of 1970, may we call to your attention the Oath of the Athenian Citizen, which has been translated as follows:

> "We will ever strive for the sacred honor and ideals of our country, both individually and cooperatively; we will increasingly seek to quicken the sense of public duty; we will revere and obey the nation's laws; we will pass on to succeeding generations our country's traditions, achievements, and ideals, not undiminished merely, but ever greater, better, and more beautiful than when transmitted to us."

Sincerely,
Grace T. Raymond

Curriculum

Let ignorance talk as it will, learning has its value.
Jean De La Fontaine

Milford H. Pratt Elementary School

Mr. Pratt was supervising principal at Barker from 1930 to 1957. During his administration, the first of the new additions, that of 1940, was completed.

The school district centralization, the annual fairs, high student morale and scholarship, education for each individual student, close principal-student-teacher relationships: all of these existed under Mr. Pratt's administration. Many hundreds of students will recall his particular interest in their welfare.

It is particularly fitting that the new 1970 building should be named for Mr. Pratt, a man who gave so much of his time and energy to the furthering of good educational practices at Barker.

The Sciences Are Valuable Branches of Knowledge

Physics is not a collection of facts. It is a highly concentrated, intellectual course based on concepts. In the picture at the top of this page, Mr. Price and his students are conducting a typical laboratory experiment.

Biology is an entirely different course. It deals with the organization of life. From close observation of lower forms of life, students can learn to better understand the creation and maintenance of their own lives.

In the picture to the left, the division of cells and the physical make-up of the frog and worm are easily understood by working with the models.

Individual Courses Provide Personal Expansion

Communications have made the world we live in a very small one. Foreign languages are more important today than ever before. Our school offers French 1,2, 3, and 4 under the supervision of Mr. Edward Martel. Latin 1,2, and 3 are also provided with Mr. Frank Piwowarczyk as teacher.

Mrs. Lucia Ward is head of the business department. Shorthand, typing, bookkeeping and secretarial practice classes meet each day. In the latter class, the students gain proficiency in the use of office machines. They also act as "secretaries" to various teachers in the school.

The Secretarial Practice Class works with many types of office equipment.

Students Able to Follow Intellectual

The Barker curricular program builds both strong minds and bodies. The physical education department is led by Mr. William Annable. Miss Karen Steele is the girls' teacher, and Mr. Robert Wittlinger is the boys' instructor.

All students have classes in physical education three times a week: one class in the pool, the other two in some kind of gymnastic activity.

Mr. Robert Runk is senior high guidance counselor, and Mr. Glen Gawel is junior high and grade. These two men aid students in choosing correct school programs and in "finding" themselves personally.

Pursuits

The courses at Barker are varied ones. Industrial arts prepare boys for further work in this area.

Those who take art courses learn the basic fundamentals needed for pursuing a career in this field.

The library is also an area where one may gain knowledge. Ours proves to be invaluable, particularly, to juniors and seniors who are learning to do required research for their courses.

There's an old saying: If you play, play to win. Well, the Barker Raiders did just that this year by completing their best season since 1956. The Varsity football team captured the Genesee-Orleans League championship with an undefeated 7-0 record. Only in 1956 did Barker ever capture a league championship, and six man football was played then.

This is the first year that Barker has played with schools its own size, and B.C.S. really made a good showing of it. There were thirteen seniors on the squad this year, and six of them made the All-League first team. In all, we had eight out of twenty-two players chosen for All-League. They were: Tom Stratton, Loren Snell, Perry Bush, Bob Harrod, Tom Surdel, Gary Sandolfini, Willie Ford, and Willie Walker.

Put this fact together with the rest of the great guys on the squad, and you get the best football team Barker has ever seen.

Junior Varsity Boasts Undefeated Season
Wamp'um on the Side of the Head!

The Junior Varsity was not about to be outdone by the Varsity this year, so they also completed their season undefeated. For a school to have one undefeated team is great, but to have both of them undefeated is just fantastic. The Junior Varsity had a 5-0 record this year. This proves that Barker will have a good football squad for years to come.

With thirteen seniors leaving the Varsity squad, it would seem to be disastrous, but many feel sure that the J.V. can fill the gap left.

There was a new enthusiasm which spread from the players to the school, and then out to the community, as the season progressed. This enthusiasm was the greatest ever shown and seemed to repudiate the feeling that Barker has had no school spirit.

The J.V. team must be congratulated on its fine season and its contribution to Barker's winningest year yet in football.

Mighty, mighty Raiders.

The Barker Varsity Club consists of the best of Barker's sportsminded students. Its members have at least one varsity letter. They cooperate in the many activities and services of the school. The Varsity Club typifies the enthusiasm throughout the school, and every member is proud to be part of it.

The Varsity Club sponsors many activities to raise money to help pay for the jackets of its new members. This year, it has taken over supervision of the Saturday night movies. The club also tries to promote general school spirit, not only in the school, but in the community as well. It has been noted that school spirit is at an all time high, and the varsity club feels it has been a part of it.

Besides participating in its own activities, the Varsity Club also supports other sports and related activities. Members participated in the bonfire before the game with the Attica Blue Devils and the sports award banquet at the end of the football season.

The Varsity Club is an excellent organization and a credit to the school. It is certain to take a leading role in school sports for years to come.

Wrestling Stresses Individual Achievement

The 69-70 season may prove to be one of the best years ever in wrestling. Long known as one of the hardest sports, wrestling demands the utmost in endurance and stamina. The G-O League is one of the toughest around, and the Barker team is proving to be a team that others fear.

A few boys have returned this year and can give the aid of their experience to the newer members. Wrestling is growing more and more popular among the students as they watch the matches. Some of the outstanding members are Tom Stratton, Paul Richards, and Stan Pisarski.

Barker can be proud to have such an excellent team of hard working men to bring further honor and glory to their Alma Mater.

Varsity Basketball Develops Self-Control

Although basketball might not be able to boast as good a season as did the football team, the spirit and the will to win were there just the same. With four players coming back from last year, the Raiders had a more mature and experienced team this year.

Probably the main hub of the team lay in Loren Snell, Bob Harrod, Perry Bush, and Tom Ware. The seniors, however, did not grab all the glory. Some of the most energetic players were Willie Walker, Don and Doug Roberts, Doug Piskorowski, and Gary Cochrane. The team appeared to be well-rounded and held its own in the G-O league.

With the great number of players coming back next year and the great J.V. squad moving up, Coach William Annable can look to an even more successful year in 1970-1971.

Junior Varsity Basketball Has Excellent Season

This year has been probably one of the best for the Little Raiders who can boast an excellent season. Under the expert coaching of a former B.C.S. star, Mr. Robert Wittlinger, the J.V. team has developed into a hard hitting, aggressive one.

There are four veterans, eight sophomores, and four freshmen on the squad. The co-captain was Bob Cochrane, and perhaps the most valuable player was John Brent. The team did very well this year in the tough G-O league in which it placed fourth with a record of eleven wins, five losses. With such a good J.V. team, Barker has great hopes for the future in basketball.

Swimming Team Produces Some of League's Best Swimmers

Along with wrestling, swimming is one of the hardest sports to go out for. The endurance and strength needed for this sport is unbelievable. Perhaps this is the reason for the lack of members. Even though we have some of the best swimmers in the league, we have to give up many valuable points merely because we don't have enough boys to swim in all the events.

Some of the best swimmers on the squad are Mike Fisher, Scott Weld, Lowell McAdam, and Gordie Kenyon. Under the excellent coaching of Mr. Thor Borresen, the team has won many of the events it entered even though they had to forfeit others. To have a really successful season, the team must have more members; so if anyone thinks he is tough enough to take it, here's a great chance to help himself and his school.

The Barker Raiders came up with another excellent season in baseball last spring. The Varsity team went 8-4 and participated in the sectionals at Dundee. The team spirit centered in the players chosen for All-League. They were: Curtis Brent, Doug Dickinson and Steve Jeffrey. Coach Roger Harrison felt that the G-0 League was a very good baseball league with no weak or dominant teams.

Barker's hopes for next year are even better as there are only four players who will not be coming back. Coupling that fact with an undefeated J.V. team makes it possible for every one to look forward to the best baseball years in Barker's history.

The varsity baseball team made a significant contribution to sports at Barker last year and promises to greater glories. Barker will show that it can compete and prove itself superior in baseball, as well as in other sports.

J.V. Baseball Finishes Season with 7-0 Record

The 1969 baseball season was one of the best for the J.V. team as they finished with a record of 7-0.

Under the coaching of Mr. Robert Wittlinger, they ended the season undefeated in the Genesee-Orleans League. It was a hard league, but they hung in there and came out winners. The scores reveal the extent of the wins. The closest games the team had were against Attica and Oakfield; but with the combined effort of the whole team, they won those, too. The J.V. had a large squad of 15 boys, and this was part of their success. Some of the boys will be moving up to Varsity this coming year, but the coach feels he will retain enough of the team to have a good start on next year. Some of the most valuable players were: Mike Wolski, John Brent, Bob Frost, Dave Newman, Willie Walker and Dan and Doug Roberts.

The entire team should be congratulated on a fine year.

This year is the tenth anniversary of the Barker Chapter of the Future Teachers of America. This organization has graduated many members who now serve as professional teachers. Mr. Patrick Kennedy, now a Barker Central Grade teacher, was the first President of the Barker F.T.A.

Future Teachers is a professional organization sponsored by the Barker Central School Chapter of the N.Y.S.T.A. The purpose of the organization is to acquaint the students with teaching careers and also give them experience in this area. Seniors serve as cadet teachers and Sophomores and Juniors work in the grade library.

The organization consists of 38 members this year. In May, they held their annual banquet. Here, the officers for 1970-1971 were inducted and Senior awards were given.

There has to be a hub to every wheel, and the hub to Barker Central School life is the Student Council.

They approve all class and activity projects, including the money-making ones. The Student Council also is responsible for the school Christmas Party, the Red Cross Drive, and the monitors. The latter give one period a day to hall duty. It is their responsibility to maintain order and act as messengers. At Christmas time, the Council also has a Christmas basket drive for the needy.

Student Council sponsors a classroom co-operation contest in which the entire junior and senior high school body participates. This encourages good scholarship among the students, as well as citizenship and sportsmanship.

Spring Induction Ceremony

Graduates' Reunion

The members of the Nahoba Chapter of Barker National Honor Society signify character, scholarship, and leadership. They must obtain an 85% average in a Regents program in order to be chosen. All members are chosen for a probationary period of one year before achieving permanent status. Only Sophomores, Juniors, and Seniors are eligible to be chosen.

This organization promotes leadership qualities of character, scholarship, and service. The motto is "noblesse oblige", noble obligation. Each member tries to carry out this motto in service to the school.

In early spring, the chapter taps its new members in an assembly program. This is a very dignified, candlelight ceremony in which the principles of the organization are explained to the new members and the high school body.

Only two Chapters of the Future Secretaries Association exist in Niagara County. Barker is fortunate to have one of them. It is under the advisership of Mrs. Lucia Ward.

The object of the F.S.A. is to give the girls the experience of working in the secretarial field. At the meetings they participate in shorthand and typing contests. From the results of these speed tests, a Miss Future Secretary is chosen. Last year's winner was Sue Webber.

This year, the future secretaries sponsored a tea for the faculty. They also are planning a field trip to a nearby office, later this year.

The club meets the second Tuesday of every month. The requirements of belonging to the F.S.A. are that a student be in at least her sophomore year and have a major in the business department.

The Future Homemakers of America Club meets once a month in the home-making room, under the guidance of Mrs. Doreen Snowdon. The membership of the club is comprised of Senior High Girls.

The basic goal of the FHA is to help individuals to improve personal, family, and community living.

To the youth of Barker, it means an opportunity to be part of something, to gain poise, confidence and leadership.

The FHA is a service activity. The members perform services for the school and community. Some of the things they have done are to hold baked food sales and to entertain the faculty and staff at a coffee hour. They also have a joint dance with the FFA as a money-making project. The money made from these p r o j e c t s is used for a worthy cause. This club has presented to the school a twelve place setting of bone china.

The Barker Chapter of the Future Farmers of America ranks first in New York State and is one of the top fifty chapters in the nation. For this, they have won a National Gold Emblem. For the past ten years, they have rated first or second in state ratings.

Keith Hurtgam, present President, has followed in the traditions of previous officers in holding state and national honors by being chosen President of the F.F.A. Niagara Frontier Group.

The club has competed in nine judging contests, three leadership contests, New York State Fair competition, and F.F.A. basketball leagues. They have sponsored the Junior Olympics and provided the school Christmas tree.

In addition, these boys have given service to the community. An example is the building of martin houses for the village park.

The Dramatics club is one of the most popular clubs in Barker. It has been active since the 1930's.

The meetings are held every Tuesday in the auditorium. Every phase of the theater is covered from makeup to stage left. Its activities are varied. They include the Christmas Plays, Spring Plays and the a-cat-emy awards.

This club is one in which team work is essential. For every production, there are costumes, staging, and publicity, as well as acting to be handled.

The club presents its annual gift to the community in the form of the Christmas Play and Nativity Scene. It is a great honor to be chosen for the Virgin Mary or for the Guardian Angel. These parts this year were played by Wendy Stroyan and Pam Wilson respectively.

Barker Central Concert

Pep band helped to present a successful pep assembly.

Each spring, Band A excels in the spring music competitions. While individual members rate highly in solo competition, the concert band itself consistently is rated A- in their playing of Grade 6 music. Mr. Herbert Ludwig, as director, is responsible in some degree for their continued success.

To become a member of Band A is the result of a long and developmental process. Students usually start lessons in the fourth grade; at the same time, they join their first band: Training Band I. Soon the progression takes them to Training Band II and on to Band B, and finally, to Band A—the high school symphonic band.

Band Wins Many Honors

Everyday, Band A rehearses one hour, during the greater part of the noon hour. Once a week, each member has a lesson with either Mr. Ludwig or Mr. Hauser. Then, at night, he must carry his instrument home to practice yet again.

During the year, the band members attend country and all-state programs. This year, Susan Porter '70 was chosen to play in All-State Band at Kiamesha Lake in December.

On January 17, 1970, Barker was host to the All-County Try-Outs.

In the pages that follow, the entire music program at Barker Central School is pictured. Mr. Kevin Hauser is director of Band B and the Training Bands. The Senior High Chorus is under the direction of Mrs. Helen Seward, while Mr. Charles Benedict directs the grade choruses.

Conduct Senior and Grade Choruses

The choruses at Barker add a tremendous amount to the activities of the school. They are composed of boys and girls who enjoy singing.

Last year, for the first time, the Dramatics Club along with the Senior High Chorus put on a musical, "Gidget Goes Hawaiian."

At the annual Christmas program, the Chorus sang a group of appropriate songs and helped every listener get into the Christmas spirit.

Many Senior High Chorus members, with their director, Mrs. Helen Seward, went to the County Chorus held at Wilson. These students also hosted the County try-outs which were held at Barker on January 17.

After a full year of rehearsing, the Chorus, combined with the Barker Band, presented the Spring Concert.

The Senior Chorus participates at the June Graduation with musical numbers suited for this occasion.

The Grade School Choruses, under the direction of Mr. Charles Benedict, also sang at the Christmas program.

The Grade Chorus was requested to sing at the dedication of the cornerstone for the new Milford H. Pratt Elementary School. The children who participated will long remember the feeling of pride for having taken part in this historic event.

These Choruses also have sung at Grade Assemblies in which the light numbers seemed to be popular with both singers and listeners.

Latrator Crew

The *Latrator* Staff lunchroom.

Being part of the yearbook staff requires the time and efforts of many people. Everyone must cooperate to produce a successful book.

The editors, Cheri Lyndaker and Beth Richards, had to relinquish most of their time to plan layouts, crop pictures, and rack their brains trying to think of another original caption. The Business Manager, who was represented this year by Tom Stratton, managed the money and sent bills. Dan Mandaville, the Advertising Manager, was in charge of securing ads from local business patrons to help finance the yearbook.

Subscription Manager, Becky Schultz, made sure that all students were able to purchase a yearbook. Many other people worked hard: sports, literary, and photography editors; cameramen, typists, and the *Latrator* Crew.

There are many steps in the yearbook game, and a major setback can occur because of a missed deadline or the loss of some senior pictures. It is impossible to thank everyone for all their help but we do have special appreciation for our advisor, Mrs. Holmes, who provided valuable assistance.

Epilogue

The appearance of this year's LATRATOR marks one more epoch in the life of the classes, and one more in the life of the school. If we chance to look at this book fifty years from now, we will see how the times have changed. There will be little to suggest the burning issues of war and peace, justice and injustice, which are so important today. Instead, there are pictures of classes, sports highlights, activities—all things that portray our school life.

Our school days have been happy, active ones. We sincerely hope that this yearbook will serve as a remembrance to prove that "The Days Of Our Youth Are The Days Of Our Glory."
